STORY RECAP

FTER THE SENSATIONAL SEVEN'S adventure at the bottom of the well, Pyretrix and Ruben discovered that Xucphr is infected with The Hunger.

After meeting with the dark-elf clergy and receiving the Ritual of Quietness, the group traveled to Notheria after traveling for two and a half weeks in attempt to cure The Hunger within Xucphr.

MAP REGIONS

1. NOCTHERIA

1A. BORDER OF NOCTHERIA

When crossing the border, the group notice it's suddenly nighttime. When crossing back, it is suddenly daytime.

1B. FORREST

Heavy forest area around the village. Several bushes and grass-areas rustling as if there's something moving around, watching the village. The Sensational Seven were warned about "The Fereal One" in the forest. A fereal roar came from the forest and the horrifying sound aggitated Axe Beaks.

1C. VILLAGE

The village looks like complete and utter shit. The houses look unkept and broken down. The adventures are told the villagers are on a strickly vegetaria diet (that's bullshit but I believe it). Two trails lead towards the Matriarch of the land. One trail lead towards the forest and another takes you through a long path through the mountains.

2. HOUSE OF ORLOVSKI

A masquerade ball is held at the Orlovski's estate; only one guest per house were invited. Guests are handed a masquerade mask that **must** stay on inside the house but can be taken off once outside.

2A. BALLROOM

Bards at the end of the hall playing fancy music; Classical music. Candles and lights all around. Servants appear to be frail and weak; darkness and gloom around their eyes. Guests are seen discussing political topics such as economics, eating a banquet of food all around the outside of the ballroom, and dancing with grace and class.

NOCTHERIA, "WHILE THE SUN DIES, WE ENDURE"

A matriarchy supported by Matriarchal Houses where the capital, Vathmir Keep, is often called "*The Heart That Bleeds*". Notheria is known for exports of alchemical reagents, blacksteel, silks, artwork, and luxury wines. The villagers are not known for a social life and prefer total isolation. Currently, House Morvane campaigns for war with the southern nations to secure new land. Daytime is 4 hours and nighttime is 20 hours.

PART 2

ADVENTURE'S LOG

CHAPTER 1: BALLROOM BLITZ

BALLROOM

THE SENSATIONAL SEVEN were asked to leave all weapons at the door by the servant in order to join the ball. The team decided to persuade and hide their weapons from the servant, put on their masks, and enter the masquerade ball.

Character	Skill	d20
Pyretrix	Slight of Hand	6
	Persuasion	9
Ruben	Slight of Hand	13
Xucphr	Persuasion	8
	Deception	21

Xucphr goes to eat food at one of the tables. Ruben, Pyretrix, Gregory, go to another table to blend. Rayla walking around enjoying the festivities and music. Brolasi and Nova standing towards the entrance of the room but enjoying the party.

A Giff having a discussion about firearms with a noble lady but she appears to want their conversation to end.

As Ruben, Pyretrix, and Gregory are dancing at the dance floor, Xucphr started dancing as well as stuff his face with food. Xucphr started busting some shoulder moves and footwork which made everyone around him stare in amazement.

Character	Skill	d20
Xucphr	Performance	18
Pyretrix	Performance	13
Ruben	Performance (A)	15

Pyretrix decided to check his surroundings to see if there's any conversations worth listening.

RESULTS

Perception (13) - Notice the people around discussing about boring, rich people's conversation like economics. Nothing out of the ordinary; Very dull.

Character	Perception Check (d20)
Xucphr	19
Pyretrix	5
Ruben (A)	9
Rayla (A)	16

RESULTS

Rayla - Notice the Countess Katerina Orlovski (Vampire Umbral Lord), Count Aleksandr of Orlovski (Vampire Warden), and a Drow Matron Mother. Count Aleksandr is the only person within the Ballroom with a weapon (sword).

Xucphr - Notice shadow movement at the far bottom-left (bottom-right corner from table-top) corner of the room. Almost as if someone is sneaking around the room.

Pyretrix headed over to the only Dragonborne in the room to strike up a conversation. The Dragonborne is one of the bards playing music for the guests. The bard said that Countess Katerina is "The new matriarch is one for the parties. She got the party look on her." Xucphr move closer towards the other end of the ballroom to confirm what the moving shadows were.

RESULTS

Perception (5) - Probably just the candle lights near the corner causing the shadows to move around.

Ruben approach the apprentice wizard and abjurer wizard near the center of the room.

RESULTS

History (23) - Notice the Abjurer wizard is actually Professor Gramwell Kestrel Moore. Known more in the field than in the classroom. He is more of a hands on learner

Ruben talked to Professor Gramwell to catch up on life and the asked about the Apprentice. The apprentice has snooty look to him; snippy attitude and look of disgust. Gramwell said "He's just an apprentice." then changed the subject. Ruben introduced Gregory, said they meet on the job. Afterwards Professor walked to another table to talk to people about rich people stuff (economics).

ECONOMICS

Economics focuses on the behavior and interactions of economics agents and how economies work. (Results for Wikipedia. Look it up!)

Suddenly, table crashing to the floor and screams echoed through the room. Towards the end of the Ballroom 3 assassins come out - Near The Countess and Count.

START OF COMBAT

AUTHOR'S NOTE

I'm not adding all the details of the fight. That shit would be exhausting! Could add all the attacked used in combat just to practice using $\LaTeX$.

The assassins rush towards Count Aleksandr, Countess Katerina, and the Vampire Warden.

The Warden tries their best to fight them off but luckily The Sensational Seven stepped in to help.

XUCPHR

Perception (21) - The vampire warden is furious and want to end the assassins' lives. Notice the two drow standing by the warden are not worried about the assassins; Calm and demure face while everyone else look either fighten, panic, surprised, and/or angry.

During combat, Xucphr use moment to think to find a note from the other Drow Matron Mother. The note mention that something may happen today at the Ballroom. It was signed by a person named M. The two Drow made their way towards the entrance of the Ballroom, attempting to escape. Before the group could approach the two drow they disappeared right as the last assassin was dealt with.

LOOT AND RESULTS

Character	Loot
Xucphr	100 gp
	Two sets of leather armor
	2 Daggers of Venom
	6 regular daggers

Everyone in the party leveled up (Thank you O' Great DM)!

AFTER COMBAT

The Warden pull out a sword to torture the assassin while the familiar held him upside down while a basin is right below him.

PYRETRIX

Perception (22) - Notice the rapier has "teeth" the rapier's "teeth" almost look like a fish hooks

The Warden took a clean stab into the side of the assassins' neck and when pulled out, ripped the flesh out from their neck. Gouts of blood rushed out from the wound and into the basin below. The Countress thanked us for our help but notice that we were not invited to the party. Decided that we mean no harmed sice we had no obligation to help in the fight. She called us party crashers (Damn right we are and we won't stop!).

Warden asked for forgiveness for their lack of protection and agreed to be punishment later by the Countress. Countress Katerina ask if there's any way she could reward us. Before the group could mention Xucphr's condition, she said there's a stench coming from Xucphr and know that we are here to rid of The Hunger within him. Xucphr mention that it has been about 2-ish

week since infected (Stage 1). She said she for everyone to first enjoy the party and can help control Xucphr's condition afterwards.

PART 3

ATTACKS DURING COMBAT

XUCPHR

SPELLS

CHECK ENGINE LIGHT

5th-level Evocation

Casting Time: 1 action

Range: 20 feet

Components: V, S, M (ink and parchment, which the spell consumes)

Duration: Concentration, Up to 5 minutes

Attack/Save: WIS 13

You alter time around up to six creatures of your choice in a 40-foot Cube within range. Each target must succeed on a Wisdom saving throw or be affected by this spell for the duration.

An affected target's Speed is halved, it takes a -2 penalty to AC and Dexterity saving throws, and it can't take Reactions. On its turns, it can take either an action or a Bonus Action, not both, and it can make only one attack if it takes the Attack action. If it casts a spell with a Somatic component, there is a 25 percent chance the spell fails as a result of the target making the spell's gestures too slowly.
