CLASS FEATURES

LAY ON HANDS

Your blessed touch can heal wounds. You have a pool of healing power that replenishes when you finish a Long Rest. With that pool, you can restore a total number of Hit Points equal to five times your Paladin level.

As a Bonus Action, you can touch a creature (which could be yourself) and draw power from the pool of healing to restore a number of Hit Points to that creature, up to the maximum amount remaining in the pool.

You can also expend 5 Hit Points from the pool of healing power to remove the Poisoned condition from the creature; those points don't also restore Hit Points to the creature.

SPELLCASTING

You have learned to cast spells through prayer and meditation.

Spell Slots. The Paladin Features table shows how many spell slots you have to cast your level 1+ spells. You regain all expended slots when you finish a Long Rest.

Prepared Spells of Level 1+. You prepare the list of level 1+ spells that are available for you to cast with this feature. To start, choose two level 1 Paladin spells.

The number of spells on your list increases as you gain Paladin levels, as shown in the Prepared Spells column of the Paladin Features table. Whenever that number increases, choose additional Paladin spells until the number of spells on your list matches the number in the Paladin Features table. The chosen spells must be of a level for which you have spell slots. For example, if you're a level 5 Paladin, your list of prepared spells can include six Paladin spells of level 1 or 2 in any combination.

If another Paladin feature gives you spells that you always have prepared, those spells don't count against the number of spells you can prepare with this feature, but those spells otherwise count as Paladin spells for you.

Changing Your Prepared Spells. Whenever you finish a Long Rest, you can replace one spell on your list with another Paladin spell for which you have spell slots.

Spellcasting Ability. Charisma is your spellcasting ability for your Paladin spells.

Spellcasting Focus. You can use a Holy Symbol as a Spellcasting Focus for your Paladin spells.

WEAPON MASTERY

Your training with weapons allows you to use the mastery properties of two kinds of weapons of your choice with which you have proficiency.

Whenever you finish a Long Rest, you can change the kinds of weapons you chose.

Quarterstaff (Topple). Your training with weapons allows you to use the mastery property of Quarterstaves:

Topple: If you hit a creature with a Quarterstaff, you can force the creature to make a Constitution saving throw (DC 8 plus the ability modifier used to make the attack roll and your Proficiency Bonus). On a failed save, the creature has the Prone condition.

Longsword (Sap) Your training with weapons allows you to use the mastery property of Longswords:

Sap: If you hit a creature with a Longsword, that creature has Disadvantage on its next attack roll before the start of your next turn.

Topple (Quarterstaff): 1 Action

Sap (Longsword): 1 Action

CHANNEL DIVINITY

You can channel divine energy directly from the Outer Planes, using it to fuel magical effects. You start with one such effect: Divine Sense, which is described below. Other Paladin features give additional Channel Divinity effect options. Each time you use this class's Channel Divinity, you choose which effect from this class to create.

You can use this class's Channel Divinity twice. You regain one of its expended uses when you finish a Short Rest, and you regain all expended uses when you finish a Long Rest. You gain an additional use when you reach Paladin level 11.

If a Channel Divinity effect requires a saving throw, the DC equals the spell save DC from this class's Spellcasting feature.

Divine Sense: As a Bonus Action, you can open your awareness to detect Celestials, Fiends, and Undead. For the next 10 minutes or until you have the Incapacitated condition, you know the location of any creature of those types within 60 feet of yourself, and you know its creature type. Within the same radius, you also detect the presence of any place or object that has been consecrated or desecrated, as with the Hallow spell.

spellcasting ability modifier, not the attacker's, to the attack roll. On a hit, the target takes bludgeoning damage equal to 1d6 + your spellcasting ability modifier. Hit or miss, the spell then ends on the stone.
