ADVENTURE'S LOG

CHAPTER 1: THE FATAL ATTRACTION

THE KEEP - THRONE ROOM

RAYLA, PYRETRIX, GREGORY, NOVA, AND RUBEN are under the Akosh nightmare trance while Brolasi and Xucphr unaffected. Brolasi and Xucphr saw their companions eyes turn pitch-black dark and unresponsive. They demanded their comrades to be free but the Akosh was more curious about how the two were unaffected. "I'm quite curious how you two aligned yourselves with a higher power", said the Akosh. Brolasi and Xucphr decided to risk fighting the Akosh and his minions to save their friends.

START OF COMBAT

FULL COMBAT DETAILS

I'm not writing out all of that shit. If you need more details, the raw notes can be provided.

Rayla	Con Save	10
Ruben	Con Save	19
Nova	Con Save	19

While Xucphr and Brolasi defend their companions from the hell hounds, Pyretrix, Nova, and Ruben broke out of the nightmare and assisted Xucphr and Brolasi. Rayla and Gregory are still in a trance.

While the fight continued, Xucphr shot at the night hag to leave Kara alone. The night hag pointed to Xucphr and said "Kara...." in a low, raspy voice. Xucphr eyes widen and she suddenly disappear.

Gregory	Wis Save	2
Rayla	Wis Save	19

Gregory is still in a state of ecstasy from the trance while Ruben attempt to wake him up. Rayla was able to break free and started to attack Commander Listeria.

The Akosh melted his body and became one with the duchess' body, becoming possessed. They combined to become Duchess Solaran the Ascended. The night hag reappeared, pointed to Xucphr, and said "Kara" before she disappeared again.

Sid, the Notary Devil, walk behind Pyretrix to offer a contract that will benefit him during the

combat. "If you sign this contract offering me your eternal soul when you die, with no influences, you can get your weapons back" Pyretrix passed up the bargain as he was attacked by several hell hounds. While fighting for his dear life, Pyretrix agreed and signed the contract. Right after the last stroke from the pen, his great axe appeared in his hand.

Character	Skill	d20
Ruben	Perception	19

Ruben notice that Pyretrix gain his great axe after talking to Sid. Ruben knows that Pyretrix sold his soul just to get his weapon back. Ruben shift focus to Gregory as he was attacked by the hell hounds. Gregory appeared to be in ecstasy with no reaction to the attack. Pyretrix went down as he attempted to flee from the hell hounds. A huge chunk of his flesh was missing from his shoulder.

As Sid attempted to make a deal with Nova, Nova cast a spell to belittle Sid's feelings and his dumb deals. Sid was upset and ran away out of fear.

Xucphr and Ruben fought Commander Listeria to stop her strikes at Gregory. Listeria's last strike with her long sword made Gregory fall to the ground; Gregory died while smiling. Xucphr and Ruben were sad to see their beloved, lifeless comrade on the ground.

IN LOVING MEMORY

Gregory was a comrade that you can rely on for missions, smoking gnome weed, and eating a 6-table long sandwich. He will forever be loved and missed by The Sensational Seven.

Character	Skill	d20
Ruben	Persuasion	17
Ruben	Wis Save	14

Ruben was able to talk to Listeria and snap her to her senses. She realized she had forsaken her duties as a commander. Listeria points to Solaran and said "I will make up for the grave sins that I've committed by killing you!"

Character	Skill	d20
Ruben	Wis Save	6

Solaran was able to use a charm spell on Ruben to make him passive. Solaran appears as the duchess that Ruben fell in love with before. Pyretrix approach Solaran and swing his axe to cut her them in half. The Akosh abandoned the

part of the duchess but Pyretrix swing his great axe again, damaging them. Nova hit Akosh with a Whisper spell which caused Akosh to try and escape.

Xucphr and Nova beat the living shit out of Akosh while Rayla use Finger Guns to finish him off. Sid escaped the throne room and locked the room before he left.

Ruben	Arcana	11
Brolasi	Arcana	17
Xucphr	Arcana	23

Ruben snapped out of the cham and thanked Pyretrix for the save. The Sensational Seven saw that Gregory was missing an arm, face, and a leg. As they looked at him, they realized that his entrails are missing as well. It was nearly impossible to revive him.

Brolasi, Ruben, and Xucphr know that he can be reincarnated but there is no chance of reviving him in this state. Xucphr used Mending to reconnect the remaining parts.

Commander Listeria couldn't bear the guilt within her heart from killing Gregory. Listeria attempted to un-alive herself by falling onto her sword. Pyretrix stop Listeria from un-aliving herself and tried convince her not to die.

Pyretrix failed to convince Listeria and freed herself from his grip. Listeria continued to fall into her sword but Xucphr attempted to stop her using Moment to Think. Xucphr accidentally push Listeria further towards the sword, granting her a swift death.

The bodies within the throne room started to decompose as the adventurers headed towards door. Nova use the Master Key to unlock the door but Sid was blocking the door.

Sid said that a "dreadful person" was still in the room, which he was referring to Nova. The Sensational Seven tricked Sid into thinking Nova was dead so that he would open the door. Nova hid from Sid's view to make him believe they were dead.

Sid talked to Pyretrix about the remediation of their contract. Sid asked if anyone else wanted to sign a contract but Pyretrix wanted one made to bring back Gregory.

Pyretrix and Ruben attempted to offer Xucphr's manhood in exchange for Gregory's return. Sid explained that depending on where Gregory's soul is located, he can't guarantee he will be brought back to life. Sid also explained that if we give him a soul, we could bring Greg back to life (with his dick intact).

Character	Skill	d20
Nova	Intimidation	21

Nova came from behind the corner and threaten for Sid to return Pyretrix soul. Sid is no longer afraid of Nova. Sid left the room towards the Bone Devil. The Bone Devil explained that we can not force a negotiation of an existing contract.

Xucphr asked if there's an alternative to get Pyretrix's soul back. Sid stated that if they can kill his older brother then he would gladly give it back. Sid explained that his older brother live in Thalvarien. His older brother, Kip, is currently shackled up with the Nemmonis family. The Nemmonis have a lot of contracts among the family members.

Sid explain that we would have to kill him from existence and the adventurers will have to figure out how to do this. He also explain that when Kip dies, the next of kin will inherent their contracts. Pyretrix agreed to kill Kip and the two shake hands in agreement. Chains bound to Pyretrix and Sid and created a mark on their arm to seal the contract. The Sensational Seven grabbed their weapons and left The Keep.

Character	Skill	d20
Ruben	Arcana	25
Nova	Perception	11

Xucphr got to his knees and tears of regret and sadness rain down from his eyes. He was hurt and could only find hatred within his heart to kill the night hag. Nova saw that there wasn't a struggle nor a fight and concluded it may have been a swift death. Ruben sees a single flower that is out of place; it seems off.

Ruben walk towards the flower and see a slight slimmer. Ruben notice the flower becomes ugly as he approach it. He stated that the flower was a message: "Fuck you and come find me". Ruben gathered that The Sensational Seven will have to go toward the Shadow Fae and Fae Wild; Rayla's home. Rayla explained how Fae Wild is chaos; Things are opposite of what is common knowledge in the world.

Cantrip Upgrade. The damage increases by one die when you reach levels 5 (2d8 or 2d12), 11 (3d8 or 3d12), and 17 (4d8 or 4d12).

CLASS FEATURES

LAY ON HANDS

Your blessed touch can heal wounds. You have a pool of healing power that replenishes when you finish a Long Rest. With that pool, you can restore a total number of Hit Points equal to five times your Paladin level.

As a Bonus Action, you can touch a creature (which could be yourself) and draw power from the pool of healing to restore a number of Hit Points to that creature, up to the maximum amount remaining in the pool.

You can also expend 5 Hit Points from the pool of healing power to remove the Poisoned condition from the creature; those points don't also restore Hit Points to the creature.

SPELLCASTING

You have learned to cast spells through prayer and meditation.

Spell Slots. The Paladin Features table shows how many spell slots you have to cast your level 1+ spells. You regain all expended slots when you finish a Long Rest.

Prepared Spells of Level 1+. You prepare the list of level 1+ spells that are available for you to cast with this feature. To start, choose two level 1 Paladin spells.

The number of spells on your list increases as you gain Paladin levels, as shown in the Prepared Spells column of the Paladin Features table. Whenever that number increases, choose additional Paladin spells until the number of spells on your list matches the number in the Paladin Features table. The chosen spells must be of a level for which you have spell slots. For example, if you're a level 5 Paladin, your list of prepared spells can include six Paladin spells of level 1 or 2 in any combination.

If another Paladin feature gives you spells that you always have prepared, those spells don't count against the number of spells you can prepare with this feature, but those spells otherwise count as Paladin spells for you.

Changing Your Prepared Spells. Whenever you finish a Long Rest, you can replace one spell on your list with another Paladin spell for which you have spell slots.

Spellcasting Ability. Charisma is your spellcasting ability for your Paladin spells.

Spellcasting Focus. You can use a Holy Symbol as a Spellcasting Focus for your Paladin spells.

WEAPON MASTERY

Your training with weapons allows you to use the mastery properties of two kinds of weapons of your choice with which you have proficiency.

Whenever you finish a Long Rest, you can change the kinds of weapons you chose.

Quarterstaff (Topple). Your training with weapons allows you to use the mastery property of Quarterstaves:

Topple: If you hit a creature with a Quarterstaff, you can force the creature to make a Constitution saving throw (DC 8 plus the ability modifier used to make the attack roll and your Proficiency Bonus). On a failed save, the creature has the Prone condition.

Longsword (Sap) Your training with weapons allows you to use the mastery property of Longswords:

Sap: If you hit a creature with a Longsword, that creature has Disadvantage on its next attack roll before the start of your next turn.

Topple (Quarterstaff): 1 Action

Sap (Longsword): 1 Action

CHANNEL DIVINITY

You can channel divine energy directly from the Outer Planes, using it to fuel magical effects. You start with one such effect: Divine Sense, which is described below. Other Paladin features give additional Channel Divinity effect options. Each time you use this class's Channel Divinity, you choose which effect from this class to create.

You can use this class's Channel Divinity twice. You regain one of its expended uses when you finish a Short Rest, and you regain all expended uses when you finish a Long Rest. You gain an additional use when you reach Paladin level 11.

If a Channel Divinity effect requires a saving throw, the DC equals the spell save DC from this class's Spellcasting feature.

Divine Sense: As a Bonus Action, you can open your awareness to detect Celestials, Fiends, and Undead. For the next 10 minutes or until you have the Incapacitated condition, you know the location of any creature of those types within 60 feet of yourself, and you know its creature type. Within the same radius, you also detect the presence of any place or object that has been consecrated or desecrated, as with the Hallow spell.

XUCPHR

CANTRIPS

ELDRITCH BLAST

Evocation Cantrip

Casting Time: 1 action

Range: 120 feet

Components: V, S

Duration: Instantaneous

You hurl a beam of crackling energy. Make a ranged spell attack against one creature or object in range. On a hit, the target takes 1d10 Force damage.

Cantrip Upgrade. The spell creates two beams at level 5, three beams at level 11, and four beams at level 17. You can direct the beams at the same target or at different ones. Make a separate attack roll for each beam.

MAGE HAND

Conjuration Cantrip

Casting Time: 1 action

Range: 30 ft.

Components: V, S

Duration: 1 minute

A spectral, floating hand appears at a point you choose within range. The hand lasts for the duration. The hand vanishes if it is ever more than 30 feet away from you or if you cast this spell again.

When you cast the spell, you can use the hand to manipulate an object, open an unlocked door or container, stow or retrieve an item from an open container, or pour the contents out of a vial.

As a Magic action on your later turns, you can control the hand thus again. As part of that action, you can move the hand up to 30 feet.

The hand can't attack, activate magic items, or carry more than 10 pounds.

MAGIC STONE

Transmutation Cantrip

Casting Time: 1 bonus action

Range: Touch

Components: V, S

Duration: 1 minute

You touch one to three pebbles and imbue them with magic. You or someone else can make a ranged spell attack with one of the pebbles by throwing it or hurling it with a sling. If thrown, it has a range of 60 feet. If someone else attacks with the pebble, that attacker adds your

spellcasting ability modifier, not the attacker's, to the attack roll. On a hit, the target takes bludgeoning damage equal to 1d6 + your spellcasting ability modifier. Hit or miss, the spell then ends on the stone.

If you cast this spell again, the spell ends early on any pebbles still affected by it.

MENDING

Transmutation Cantrip

Casting Time: At Will

Range: Touch

Components: V, S, M (two lodestones)

Duration: 1 minute

This spell repairs a single break or tear in an object you touch, such as a broken chain link, two halves of a broken key, a torn cloak, or a leaking wineskin. As long as the break or tear is no larger than 1 foot in any dimension, you mend it, leaving no trace of the former damage.

This spell can physically repair a magic item or construct, but the spell can't restore magic to such an object.

MOMENT TO THINK

Transmutation Cantrip

Casting Time: 1 bonus action

Range: Self

Components: V

Duration: Instantaneous

When you cast this spell, you briefly stop time for everyone but yourself. You can take one additional action and move around in your space while no time passes for other creatures. That action can be used only to take the Search, Study, or Utilize action. Furthermore, you can't affect or damage any creature or object, other than objects you are wearing or carrying. If an object leaves your hand, it also becomes frozen in time.

PRESTIDIGITATION

Transmutation Cantrip

Casting Time: 1 action

Range: 10 ft

Components: V, S

Duration: 1 hour

You create a magical effect within range. Choose the effect from the options below. If you cast this spell multiple times, you can have up to three of its non-instantaneous effects active at a time.

Sensory Effect. You create an instantaneous, harmless sensory effect, such as a shower of

sparks, a puff of wind, faint musical notes, or an odd odor.

Fire Play. You instantaneously light or snuff out a candle, a torch, or a small campfire.

Clean or Soil. You instantaneously clean or soil an object no larger than 1 cubic foot.

Minor Sensation. You chill, warm, or flavor up to 1 cubic foot of nonliving material for 1 hour.

Magic Mark. You make a color, a small mark, or a symbol appear on an object or a surface for 1 hour.
